Lusting for
young studs

COUGARS GONE WILD

It all began when I met this blue-eyed stud. It was a Saturday night. I was alone at this so-so party when I saw this tall, lean hunk. He was a perfect specimen. I don't know what else to say, except that he was virile, all male and he had the tightest buns you've ever seen on any guy.

Someone put on a slow record and this stud asked me to dance. My pussy was revving up before he even touched me. When I melted into the arms of this six-foot package of muscle, my body started screaming desire at me. His body fit against mine perfectly. I could feel his chest rubbing my breasts, his cock growing against my pussy.

I was hoping he'd ask me to leave the party with him. Then he kissed me. The guy was a lousy kisser. His lips were weak, though his mouth smashed against me too hard. Worse, he slobbered. My desire to spend the night with him vanished, but my horniness did not.

That was when I noticed Dave. He was watching me quietly, with a hungry look on his face. Even in the semi-darkness of the room he looked young, but he also looked attractive. Moreover, he looked interested in me. Nobody else in the room did. When Dave smiled at me, I smiled back.

On the way home, Dave, told me he was 20. Two-dash-zero. I gulped. We agreed that I wouldn't mind that he

was 20 if he wouldn't mind that I was not.

We were in my bed together in less than an hour. Since the last lovers I had were my age and lousy in the sack, I decided I'd train my own stud if need be. Dave appeared to have great potential.

He caught on fast. He kissed me long and hard. When he saw how willingly I accepted the slithering entrance of his tongue, his eagerness got the best of him and he stripped his clothes off and then mine. But when he pulled me to the bed, I slowed him down. Yes, I was just as hot as he was, I told him, but that didn't mean we had to rush. I raked my fingernails slowly across his back and felt the goosebumps rise on his body. He put his teeth on my shoulder and scraped lightly, much as I had done with my nails. I got goosebumps too.

That wasn't the only thing rising. His magnificently pointed, beautifully hard, impressively strong-looking cock towered from a full brown bush. If it had tried to rise any more it would surely have burst. Every inch was stretched to the limit.

Overshadowed by the mighty monster above, his

jewel sack hung heavily between his thighs. My eyes remained fixed on his most prominent feature. Little pearl-colored drops of liquid kept forming at Dave's cockhead as I watched. It seemed that with every sensual scrape of his teeth his fever rose, just as mine did.

But then he changed focus with jarring suddenness. His hands and lips were all over my titties. He licked and sucked me all over. It could have felt wonderful, but he was too frenetic, too harsh. I stopped him. "Slow down," I told him. "And not so hard. You're hurting me."

He stopped, his mouth remaining calmly on my nipple. It occurred to me then that this evening wasn't going to turn out like the other times. I was in control and he would follow my direction. There was a double satisfaction in that. One was like the Burger King motto: Have it your way, and I was going to. Second was the feeling I got from the way he seemed to look at me. His attitude was one of worshipful respect. He looked up to me reverentially; I was his sex instructress.

A hot jolt ran through my body. Dave's mouth was still on my nipple. "Gently," I instructed him, and gently was how he did it. Softly drawing my nip into his mouth, he worked the nipple in and out the way I would later suck his cock. Very slowly, very gently, he took it in. He softly licked it, then let it back out till only the very tip between his clamping lips. "Use your tongue," I whispered, and he extended his tongue to my nipple tip and rubbed across and around it.

When he stopped, I was just about to tell him he was jumping around too much. My eyes blurred and his monster cock appeared to get wider. My pussy felt as if it were expanding to accommodate that thick meat. I groaned and Dave looked up to see if he had gotten too rough again. I smiled. My pussy had begun to throb to the imagined feel of his cock slamming up into me. My breasts were humming. I was going to go over the edge in another minute, no matter what he did. I wanted him to be in me when it happened.

Groaning, I sat up and pushed him away from me. But I wasn't the only one whose body was working too quickly. Dave groaned just as I did and then I saw his meat jerk once, hard, and the goo shot out of it. Then his thick jism was on everything. It coated one of my thighs, spurted onto the other calf, spotted the bed, and finally dribbled onto his own balls. "I'm going to have to teach you about holding off," I told him.

Dave looked ashamed, but he did say, "I can get hard

again right away. Will that help?"

Would a radiator help on a cold day? I figured it was my turn to play "mouth madness" and get him up again as hard and as fast as possible. I tried riding down his body on my tongue. That's a pretty surefire method, and it sure set Dave on fire. I traveled my tongue from Dave's shoulder to his waist, causing shivers and raising goosebumps along the way. I turned left at the belly button and detoured down to do a little exploration of my own. I rolled on farther, taking a side path to his thighs, where I kissed and nibbled and licked.

He then flicked the outstretched tip of my other nipple. And before his lips closed around the nipple, he said, "Equal time, you know. It's the American way." Then he moved my head upward. I shook my head vigorously, meaning "No, not yet."

By the time I was face to face with his thick meat, he didn't need the feel of my lips around it. It was once again as hard as any cock could ever get. I took Dave's hand and guided it to my parted lips, which were enlarged in excitement. Then I sat back and let Dave work on me, but for too long—my pussy was in an advanced state of being a flaming inferno.

Dave followed my gentle guidance and rubbed around the very tip of my clitoris, staying near the mark. He was getting so good at it. I gently pushed him onto his back and mounted him. I was more in control, sitting

astride him, than if we had been in the male superior position.

He was overeager, bucking upward and slamming his cock into my hot pocket as if he were hammering a nail. I put my hands on his shoulders to slow him down and engulfed his pole, with my pussy muscles clamping him as hard as a fireman holds the pole he's sliding down. His entire body shuddered, then shook violently as my pussy, still with its muscles clenched around him, came back up his pole in a side-to-side motion.

"Let me see," he groaned, pushing my shoulders away from him. I sat up and spread the lips of my pussy as wide as I could. My slick juices bathed my fingertips and my cunt lips slipped out of my grasp. He put his hands on me, spread my lips, and took a deep breath as he saw my flaming pussy swallowing his meat. I bent my head down to see. His cock was crimson and angry, and my pussy lips were a mottled red, bathed in Dave's pre-cum. My stomach felt like there were bees buzzing around inside it and my heart pounded. At the sight of his pole entrapped

by my burning pussy, a wave swept through me and I was coming before I even knew it.

I fell back down on the bed, my breasts slapping against his hairy chest, sweat pouring off my body and tears falling from my eyes. I lay there, panting, feeling Dave's spike moving upward and shafting my pussy.

If you can believe it, we still weren't through for the night. That's one advantage of 20-year-olds: they may not have great staying power, but they sure can get it up again! And again and again and again. That's what Dave did, with me showing him the way to please me best.

He was so good that I decided to see him again, even though I'd only thought of him as a one-nighter when we had left the party. I also thought it was a fluke, I getting involved sexually with a guy 17 years my junior. But the very next week I met Tony...

At 18, Tony was less experienced than Dave, and even willing to take a sex lesson. He seemed to think, when I went home with him, that a woman's body exists in three parts: pussy, tits and "everything else, which is useless."

Obviously, I had to set him straight. "Kiss me all over," I said, and the idea apparently was a shocker for him.

"Where?" he asked as his lips grazed my underarms.

"That's not a bad beginning," I said as his kisses warmed the tittle clefts and caused waves of warmth radiate through me. "What about the backs of my knees?" After he caressed the backs of my knees with soft, open-mouthed puffs of breath, he repeated the breath caresses on my ankles, following them with kisses that only lightly touched my skin but strongly touched a serious sex nerve deep within me.

He explored the erotic potential of each ankle, reducing me to a tingling, shivering mass of open-ended sexual nerves. He kissed the tops of my toes almost reverently and I realized that once again I was the older woman, the experienced woman who was willing to take her time with Tony—not only to have sex with him but to instruct him.

From the tops of my toes he transferred his attention to my insteps. My skin shivered all over as his feathery kisses fluttered on the bottoms of my feet. Then he stopped and positioned himself above me, but I didn't want him to get off in my pussy the first time. I was sure that first would not be the last climax this evening.

When I closed my legs to his cock he looked crest-

fallen, and more so when he learned I wasn't offering a blowjob either. He unhappily concluded it was hand-job time, but that wasn't the way I had it figured either. So I told him, "Well, the first thing I thought we'd do is ... well, when you were kissing my armpits, I was wondering ... Have you ever fucked a woman there?" From the expression on his face, it was clear he'd never even thought about it.

I lay on my left side, resting on my elbow, with my left hand holding my right breast up toward my side. Then I told Tony to put his cock between my arm and my side, right up against my armpit. He looked at me like I didn't have all my marbles. "Just try it," I said.

He still looked disappointed, but he got his cock in. I kept my arm against my side too tightly for him to penetrate. He got frustrated, thrust it in harder, and still got nowhere. He started bitching, but I told

him to just be it any farther. I felt the knobby head of his cock in my armpit. It tickled. It felt good. It was very sexy.

I began to get excited. Of course, it wasn't the same as if he'd been playing with my clit. Still the thought of what he was doing and the feel of his cockhead lodged there made my pussy come alive with need, and I opened a little wider. My left hand pushed my breast more to the side, so Tony's cock not only glided between my arm and side, but also rubbed my tender breast.

It made me even hotter to feel his body trembling, so I put my hand to my clit and gave myself three good strokes. My finger felt like silk as it stroked my pulsating clit. When Tony caught sight of what I was doing, he breathed

in real deep real fast and then slammed his pile-driver harder between my arm and side. As he did, his whole body began to move just as if he was fucking my pussy. When I felt that, my body moved in a similar motion.

I was tempted to get myself off when he got off, but I had chosen to get him off first for a reason, so I left my pussy alone. But my body still kept time with his. I was moving wildly by the time he announced his orgasm with a sense of accomplishment at the end with great effort.

I felt his warm juices ooze between my arm and side and seep out to run down my breast, down my chest and across my belly. I rolled over, facing him.

"There must be a lot I don't know." He sounded displeased with himself.

"Nobody starts out knowing everything," I answered. "I bet there are even things you could teach me."

“Like what?” His voice was edged with disbelief.

“Well, what about places? You live with your folks and I bet most of your girlfriends aren’t out on their own yet. Where do you get laid? Drive-ins? Woods? Parking lots?”

“I could show you next time,” he said hopefully.

I smiled at him. “We haven’t finished this time,” I said. “You’ve only gotten off once and I still haven’t gotten my cookies.”

I rubbed my throbbing pussy up against his leg; I really needed it badly. Bending down, I took his cock into my mouth to harden it up for him. His jism still coated it and I passed my tongue across it till there wasn’t a surface of his cock that hadn’t been licked by the flat of my tongue. Then I rubbed the tip of the flat underside wherever I could. I could feel the need burning through his body. I clamped my mouth around his cock and drew it as far down my throat as it would go. I could actually feel the throbbing in his cock and he fell back on the bed, arching his back as if to push his hot meat farther down my throat.

I eased off him slowly till only the head was left in my mouth, swirling my tongue around it as rapidly as possible. I let go. He lay there in a state of frustration. Then he finally got up and pushed me down, saying that he ought to eat out my pussy in return.

But as his inexperienced tongue probed my labia and pried my body open with his muscular leg, his weapon was aimed right at me. I looked at it with delight and awe. It was reasonably long and exceptionally thick. I could imagine how it would feel stuffed up inside my pussy. “Game,” I said, reaching for it and pulling him by the cock, aiming it at my eager pussyhole.

Leaning on his hands, hovering above me, he slowly lowered his hot meat to the doorway of my pussy. Then he thrust it in. But his rhythm was all wrong. Damn! Shit! “Let me show you,” I said, and instructed him by moving my own body. He followed my lead and produced a fairly decent approximation. “That’s a lot better,” I said. “Now try to move this way.”

He followed my instructions, but he looked dejected. Then his face brightened. “Wanna try something I’m better at?” he asked. I realized I’d better say yes if I wanted to bandage his punctured ego.

“Roll over, then,” he said. “My girlfriend doesn’t want to get pregnant and I can’t stand rubbers, so we mostly do this.” He dipped his hand to my overflowing

pussy and came up with a handful of Mother Nature’s lubricant, which he carefully and lovingly rubbed on my puckered ass.

First he wiggled a finger in, lubed up with my pussy’s secretions. Then he slipped a second finger in me, and then a third. The three of them went sexploring together, feeling their way around and touching as much of my insides as possible. Finally he spread his fingers as much apart as possible and withdrew them slowly, continuing to spread them—and my opening—as much as he could.

He had barely gotten his fingers out behind me when I stopped him. Then he said, “I’ll bet you could teach me a thing or two.”

I’ll have to teach you,” I told him. “But right now I’m too hot for it now. “Maybe later.”

“Maybe next time?” he asked hopefully.

I pulled him onto me and he straddled my cheeks. He rubbed his dick up and down in my crack for a minute—not trying to enter me, but just making me hotter than I already was.

Then I felt him slip his cock between the folds of my pussy and I wondered then reared back hard against his cock. He jabbed into me faster and faster till I heard him scream out in pleasure. I let go at the same time and we both collapsed, his cock still pumping hot cum into my ass, my pussy still throbbing.

I ground down against the meat. I began bucking under him, but this time it was he who told me to slow down, he who established the rhythm. He pumped his cock in and out of me, slowly but deep. Even though I knew it wasn’t possible, I felt as if he were sinking it in farther with each stroke.

There were many “next times” with Tony, and by the time I was through with teaching him, I had turned him into the closest thing possible to a perfect lover. He’d latched onto a girl his own age and was making her very happy, thanks to what he’d learn from me.

I had no objections, of course. And besides, by that time I had two other young studs learning how to service me the way I like it. Both them were worshipful pupils and very fast learners. They also seemed each have an endless supply of cum and could get hard as often as I wanted them to. You can imagine the fun I was having!

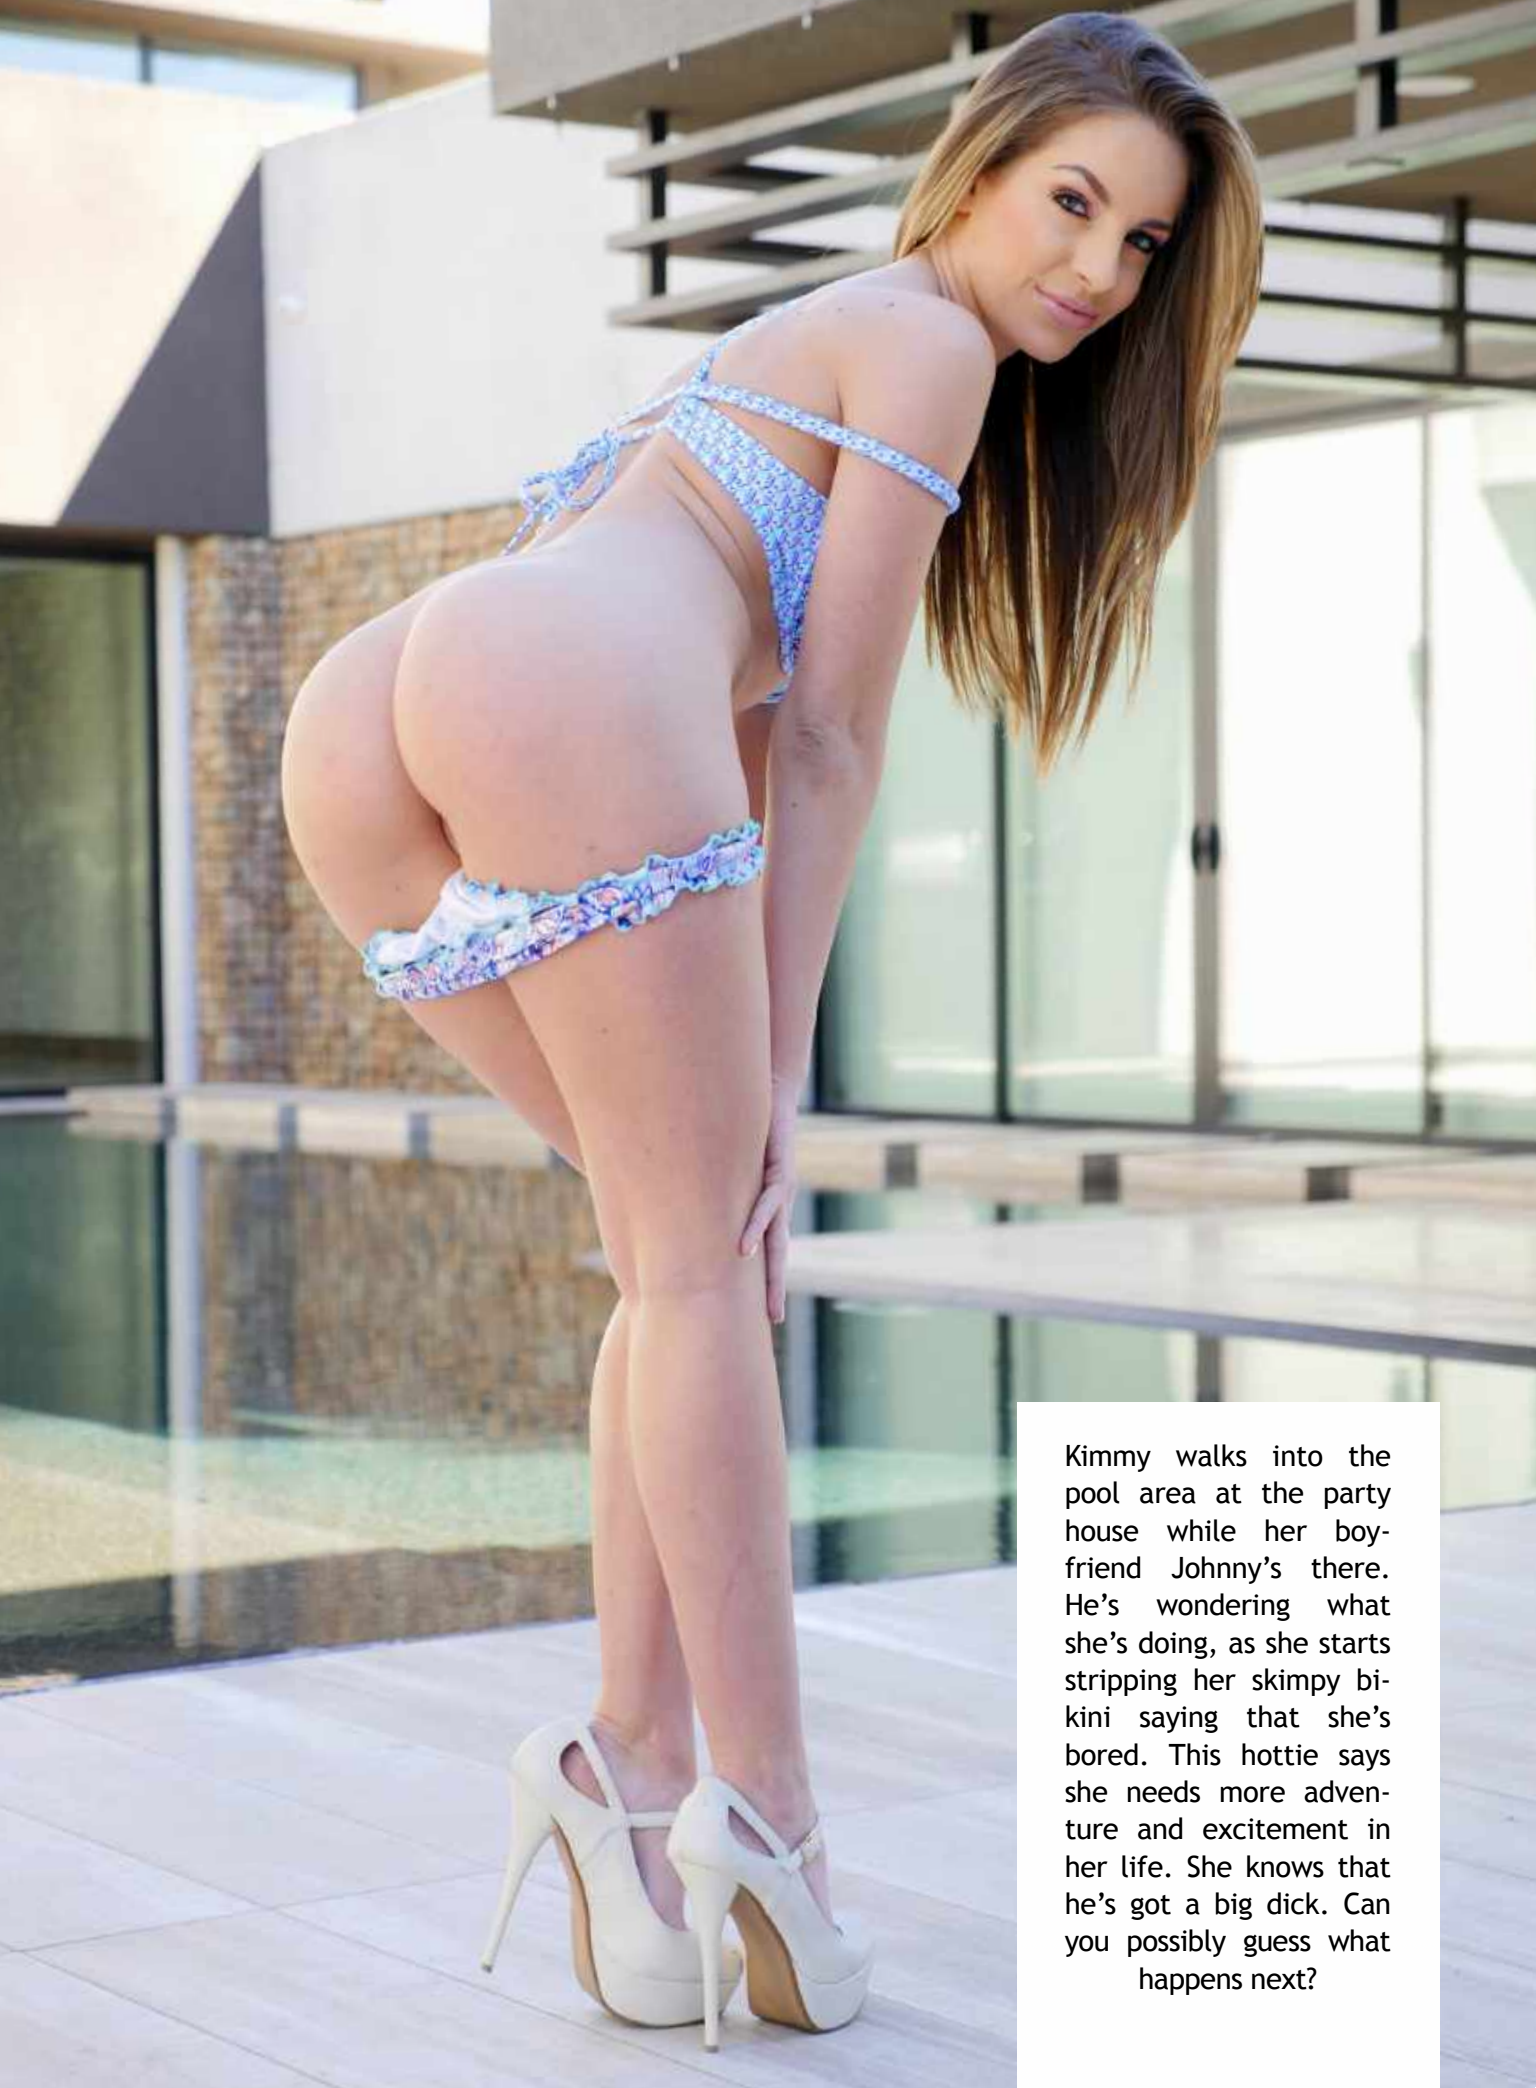

So now, when my friends tell me all about their ‘mature’ lovers, how good they are in the sack, I smile and just keep my little secret to myself.

After all, now I have my pick of young men. And I don’t need my friends raiding the goodies.

Amy Starz

I'm very straight forward. I've always used my body to get what I want, and usually what I want is sex. I have a really high sex drive and can't wait for a good fuck session to get going. Just the thought of a hard cock in my mouth or my pussy is enough to get me wet. And then when it is actually inside me, well, I kinda get a little crazy.

Tips on doing business

HOW TO HOOK A HOOKER

with the sex-for-sale set

Exposed pussies that wink a warm welcome to sex-hungry customers are not as plentiful among prostitutes as some lusty male lovers would have us believe. Genital nudity in public places where hookers prefer to operate is usually against the law, making it awkward for gals who rent it out to demonstrate what they've got.

That's why hookers have to resort to other, less obvious techniques to make it pretty easy for guys to find them. Keep in mind that it should never be necessary for a would-be john to ask a whore if she really does fuck for money. If she possesses any professional finesse at all, she should be able to make the answer perfectly clear.

It becomes somewhat of a problem to her, however, when she is aware that a dedicated vice squad cop is lurking in the shadows, watching her every move. But most sex-for-sale chicks who are really worth the money are certainly not dummies. The postures they adopt—the brief glimpses of luscious bare flesh they flash, the sultry glances and smiles they throw at a possible john—may add up to soliciting in the opinion of some people. But usually their style is not blatant enough to invite reprisal from the heat.

Since the era of Adam and Eve, nature has been coming to the aid of the hooker by decreeing that the first thing a male will notice about a female—whether she's a pro, his best friend's wife or just a stranger sitting on a barstool—is her body. And since that body is usually

draped with a certain amount of apparel in all the crucial places, it becomes obvious that a hooker's clothing is important to both her and the customer.

Since her stock in trade is her body, a sight to behold: a slow, tantalizing pace, hips swaying from side to side like a sizzling bongo beat. She doesn't really walk; she kind of squeezes her thighs and ass together as she moves.

When she sits, whether on a barstool or a chair, her legs will always be crossed—with the crossed one, like probing dong, always pointing toward the quarry. If she's wearing a skirt, it will always be above the knee, exhibiting a smooth and sensual calf and generous expanse of thigh.

When she stands her legs are usually spread, so she can outline her thighs against the tight skirt. And when she bends down she'll deliberately exhibit just enough high-nippled bra to make a man's fuck stick stand at attention.

Another thing about a prostitute is that whenever she gets the chance and is looking for business, she is constantly touching or brushing against you. If she's talking with you and she sees you're interested, she'll constantly grab your arm with one hand while the fingers of her other hand play with your thighs or the end of your rising cock.

While she's feeling you up, she may also be feeling what's in your pockets. If she doesn't know you and you're sitting next to her in a movie or on a bus,

BLAIR-NTS-09

her knee will brush again yours. If you don't move your knee she'll apply more pressure, perhaps place her hand on your dick. If you move away, she'll shrug her shoulders, stay for a while and then switch her attention to a more likely candidate.

One sure way of spotting the let'sbang-for-bucks babe is to give her a frank come-and-get-me look. If she answers with a where-and-when stare, you know she's what you are looking for. Once that meeting of the eyes takes place, you've got very little to do. The pro can't afford the cat-and-mouse game. She's not going to wait for you to make the first move; she's going to take the initiative.

If you're at a bar, she'll ask you for the time or to go out for a cigarette. If she asks for the time, she'll make it quite obvious that she's wearing a watch of her own. If she asks for a smoke, she'll invariably have one of her own as well. This is to let you know that she doesn't really need anything from you, but she's anxious to strike up a conversation. If she doesn't have either of the aforementioned articles, she may come right out and ask you to buy her a drink. In any event, once a hooker catches your attention, the next thing she goes after is your pocketbook.

Contrary to popular opinion, prostitutes do not talk like sluts. They rarely swear in the company of a mark. As a matter of fact, if you were to hear just snatches of a pro's conversation, you might even think that she was a well brought-up lady. But there are certain giveaways. Though her accent may be Back Bay Boston, the trend of her conversation is purely business and bawdy house, with the emphasis on sex and money—in that order.

First, with sexy talk she'll try to make you reach the point of no return, and once she has you there her conversation will take a decided turn. Before you know it, she'll know exactly how much money you vaguely had in mind to pay for her expertise. This way she'll know what price to start the bargaining.

As for the lawmen, one tactic in some cities is to use hidden cameras to snap photos of any girl who hangs about too long. "After we get several pictures of the same girl

going by the same spot," explains a detective, "we'll usually make an arrest."

Not surprisingly, most of the gals in police photo files have reacted as indignantly as any member of a beleaguered minority. "This is nothing but out-and-out harassment," fumed one young, micro-skirted Manhattan hooker as she fled from the camera's eye. "We're going to get organized and stage a demonstration."

A prostitute is no shrinking violet, and cannot afford to be. She's in a business where she has to put herself on display whether the cops are watching or not. If she is sexually desirable, she knows that most guys can be tempted

into renting her, but they have to be able to take long and frequent looks at the merchandise.

The hooker gets paid for the number of times she can use it over a specified period of time, such as one night. Therefore, her wardrobe is designed with one specific thing in mind: easy on, easy off. At first glance, the dress the hooker is wearing may look like any other preferred by fashion-conscious women, but closer inspection will reveal long zippers or buttons down the back or front.

If there are sleeves, they will be loose without cumbersome buttons or clips at the wrist. And although the dress will reveal just about every voluptuous curve of her sensual body, it will not be so tight as to cause any delays when being removed. The hooker's leg coverings will be of the sheerest imaginable, and her shoes will be high-heeled pumps—no straps or buckles. They've got to be the kind that can be kicked off before you can say "How much?"

Her clothing will reveal more than it conceals. It might be very low-cut, with a slit skirt or a mini-skirt. But since the mini seems to be popular with some chick who don't sell sex, it's wise to look for the bosom-baring rather than what shows below the waist.

How does a pro display her body physically? Remember the movies. Every time a hooker is portrayed in a movie she is shown sashaying down the boulevard, rolling her buttocks and swinging her bag in rhythm with

her hips. Well, the bag may have gone out of style, but the bump-and-grind walk is still there. And so is the sexy rhythm, reminding all horny guys of the in-and-out thrusts of the sex act. A real pro strolling down the street is verily a walking billboard for her services.

If she's standing next to you on a bus or train, her tits will "accidentally" brush against your chest. You'll feel the hard nipples through your clothing and the scent of exotic perfume rising from those inviting boobs will give you an instant hard-on. If she can feel it pressing against her crotch and belly, she'll stick around and moisten her crimson lips with her tongue. If you show no reaction, she'll move on, but you can bet that when she leaves that crowded bus vehicle, she won't be alone.

Moving upward from the perfumed tits, hookers usually sport bright paint jobs. Purple mascara, deep-hued powder bases, bright lipsticks and heavy, colorful rouge are tints of the trade. In most cases such makeup is applied with expert care. Because her face is her fortune, a prostitute has to learn how to make it best serve her purpose, and knowing how to apply makeup certainly covers up a multitude of defects.

Her hair, when tinted, is often the blondest of blondes or the reddest red available. Wigs are popular with many pros.

A hooker is totally free of sexual inhibitions. This will be readily apparent to her trick as she describes the exquisite delights she is willing to sell for such-and-such a price. She tells him bluntly that she is ready to please. She is more than willing to do anything, to try anything he might suggest. She will encourage fucking in any position and may even suggest some exotic variation, if he seems hesitant.

Expert oral sex is taken for granted. She will suck him off without the slightest objection, if he wants it that way. In fact, even if he says he wants straight sex, if he pays what she asks she will invariably start things when they are alone together by giving him expert head. And if he wants to come inside her mouth or on her face, that's fine.

Finally, a hooker is sometimes the type of chick that a guy figures is a really smart cookie at the first meeting. She obviously knows exactly how to please him, what to talk about, what he likes or dislikes. In fact, it's uncanny how fast a real pro can fall in with any mood or situation in which a man might find too. He's paying for a sexual service he has probably dreamed about —and he'll get it if she expects to stay in business.

Of course, these lady-like manners and sexual promises are all part of the routine, and should you cross one of these pros she will probably let go with the most polluted stream of curses imaginable. This may cause you to blush,

but it will certainly leave no doubt in your mind about the hooker's professional integrity.

Another very recognizable trait of a hooker is the fact that she's never in a hurry. She always seems to have lots of time, although in reality time is obviously money to her. The explanation is that when she's talking to a client, she's already at work and not wasting time. Softening (or, more aptly, hardening) up the customer is an integral part of her business.

The don't-hurry bit is particularly noticeable when she makes one drink last longer than a whole bottle would in other hands. As long as she's paying for it herself, that is. Once a guy begins to pick up the tab, she'll probably pack it away as fast as he does himself. It almost appears that she is able to read his mind.

This is not because she possesses special powers, but merely because she is tuned in to masculine feelings so well. Her business is men. So when a pro appears to know you very well at the first meeting and she possesses all, or even some, of these characteristics, don't be afraid to venture a proposition. If you don't, she will.

It's in your own best interest to make an offer first, before she quizzes you and finds out just what you're worth. Her own price will invariably be more, but not outrageously more, than the one you had in mind. You'll save money by propositioning her, and she'll admire you for it.

Promise

I have to admit that I'm a bit of a homebody. I also have to say that sex in the bedroom can get a little boring. I love doing it wherever I am and even in unsual places. Sometimes the guy has a problem with it, but that doesn't last long when I wrap my mouth around his cock. He won't even know where he was. I use my five-foot-four frame and my slim figure to get almost whatever I want. But I never abuse it. I always tell them that they are being used just for sex.
